Dear Parent,

From November, there will be a space available for a new starter on either violin or piano at school.

Lessons take place each week of the school term and can be 20 minutes or 30 minutes long. 20 minute lessons cost £8 per week and 30 minute lessons are £12 per week. Lessons are invoiced per half term to make the payments more affordable with payments being due in advance in the final week of the half term before. Payments for November will be due in October. Should your child at any point decide they don't wish to continue, a full term's notice must be given and these lessons will be payable.

When your child has made some progress on their chosen instrument, there will be opportunities for them to perform in school assembly and in external concerts. Three times a year I put on a concert in Grantham for all the children I teach to have the chance to perform to their friends and family.

For violinists, there are also ensemble opportunities and I run a large workshop in the summer holidays where the children have the chance to work with other professional musicians. Other events may be organised during the year.

Violins can be costly when you're not sure if your child will stick to it, so I offer a hire scheme for £5 per half term. This is added on to the half termly invoice.

If your child is interested in starting either instrument, please complete this slip and return it to school or email me directly on the above email address by **Monday 20th October**. Places are limited and will be given on a first come, first served basis.

I teach violin and piano to children from Reception (the youngest children I currently teach are 3 years old).

There is more information and photographs about what the children I teach can experience and achieve on www.violinandpianolincolnshire.co.uk, so please have a look.

If you wish to ask any further questions about learning to play the violin or the piano, please do get in touch with me on laura@violinandpianolincolnshire.co.uk

Best wishes,

Laura Gardiner

Teacher of Violin and Piano

My child _____ currently in Year ____ is interested in *piano/violin*
(please delete as appropriate) lessons from November 2014.

Please indicate whether you would like:

20 minutes at £8 per week.

30 minutes at £12 per week.
