

St Bartholomew's CE Primary School

Dear Parents and carers

MATHS EVENING KS1 and Lower KS2

The new curriculum has brought with it many changes, not least in the expectations in the teaching of maths across the school. To help parents and carers to understand these new requirements and how the school are addressing them through the introduction of a new maths scheme in KS1 and lower KS2 (entitled Maths No Problem) we are holding a maths curriculum evening on Monday 19th October from 6-7 p.m.

The evening will enable us to provide information on the changes to the curriculum, the background to the introduction of Singapore maths, the content of the new scheme and extension and support activities. We will also be providing information on how best you can support your child in developing key maths skills.

We very much hope that you will be able to attend. In order to facilitate this, we will be running a crèche where children will be supervised during the evening.

Could you please return the reply slip below to confirm whether you will be able to attend.

.....
Maths Curriculum Evening

I/we (.....) will/will not be able to attend the Maths Curriculum evening on
Monday 19th October from 6-7
