

St Bartholomew's CE Primary School

11th October 2018

Dear Parents/Carers

Anglian Water traffic management within West Pinchbeck

Anglian Water have informed us that traffic management will commence on Bourne Road where traffic lights will be in place from 29th October for approximately two weeks with road closure on Six House Bank following this.

Advanced warning signs will be displayed prior to the work starting; however dates are subject to change. Anglian Water will be updating their 'In Your Area' page (www.anglianwater.co.uk) with information and any changes to their traffic management schedule.

Anglian Water's scheduled work within the village is due for completion in Winter 2019.

Yours sincerely

Mr James Shawley
